

# Experience Wisconsin's WETLAND GEMS

**You asked for it, we made it!**

The announcement of Wisconsin's *Wetland Gems* in 2009 was received with great enthusiasm around the state, as were the beautiful materials produced to highlight the diversity and importance of these wonderful wetlands.

Wisconsin Wetlands Association is excited to announce that these materials, including full-color images and detailed information about all one hundred of Wisconsin's *Wetland Gems*, are now available in a convenient, spiral-bound book.

The book features the statewide map and a one-page fact sheet for every *Wetland Gem*. The fact sheets are conveniently organized by region and accompanied by a map showing the *Wetland Gems* site locations within each region.

You can't help falling in love with wetlands when you see all of these beautiful images!

A perfect companion for your Gazetteer or state map, the *Wetland Gems* book will be great for planning your next Wisconsin vacation. Share your love of wetlands with family and friends by giving them a copy of this beautiful book.

Visit [www.wisconsinwetlands.org/gems.htm](http://www.wisconsinwetlands.org/gems.htm) to learn more about these sites and to see the beautiful materials that are bound together in this special book.

**Order your *Wetland Gems* book today.**

To order your copy of the *Wetland Gems* book, complete this form and mail it with payment to:  
Wisconsin Wetlands Association, 222 S. Hamilton St. #1, Madison, WI 53703.
