

## Wetlands in the Context of Stormwater Management

*A workshop for developers, builders, planners, engineers, and others in the building community*

*Presented by: Alice Thompson, Thompson & Associates Wetland Services  
Bruce Moore, Water Resources Engineer – P.E., WDNR*

### Workshop program will include discussion of:

- Public and private benefits of wetlands
- How poor stormwater management affects wetlands and their functional values
- Stormwater measures during construction to avoid short-term wetland impacts
- Stormwater designs for post-construction runoff to avoid long-term wetland impacts
  - How to satisfy local, county, and state stormwater requirements
  - Wetland restoration and creation for stormwater management purposes

Date: Tuesday, April 25, 9:00 am – 2:00 pm (lunch provided)

Workshop Registration: 8:30 a.m. - Registration fees include instruction, materials, refreshments and lunch

Fee: \$50 – Members of WWA or MBA      \$75 – Non-members

Location: Metropolitan Builders Assn. Office  
N16 W23321 Stone Ridge Dr. in Waukesha

Course Counts as 1 Development Credit Towards Certified Construction Professional Designation. Credit for the CCP Program now requires the attendee to take a test at the end of the seminar. In order to receive credit, the attendee must answer correctly 70% of the questions.
