Exciting opportunities for formal and  
non-formal educators...

# WOW!: The Wonders of Wetlands

*Wetlands make learning fun!*

- *Did you know? Wetlands can be used as an integrating concept to teach science, reading, math, art, and social studies*
- *WOW! has over 50 hands-on activities, correlated to National Science Education Standards*
- *WOW! is recognized as an excellent resource by NAAEE & NSTA*
- *According to a national study, 100% of schools with environment-based learning had students with improved behavior, attendance, and attitudes relative to traditional schools (SEER)*

## WOW! Facilitator: Follow-up Training

- *Learn the skills to teach WOW! and Wetland Youth Leadership workshops to students and educators in your area.*
- *Empower yourself and your community to make informed wetland decisions and actions.*
- *Benefits include: reduced rates on WOW! books, accreditation by a leader in wetlands, and join a national network of wetland educators.*

**Environmental Concern Inc.**

PO Box P  
201 Boundary Lane  
St. Michaels, MD 21663  
[www.wetland.org](http://www.wetland.org)

*Expand your knowledge on the environment and outdoor education in these fun, hands-on workshops— your students will thank you for it!*
